WHEN CAN YOUR CHILD RETURN TO SCHOOL:					
Fever free for 24 hours without the use of fever reducing medications such as ibuprofen or acetaminophen	Cough is mild and infrequent. If having problems breathing or productive cough cleared by a doctor's note	Free from diarrhea and/or vomiting for at least 24 hours and evaluated by a doctor if needed	Free from rash, itching, or fever and cleared by a doctor (Follow fever protocol).	Cleared by the school nurse	Cleared by a doctor's note.

Please be in touch with Nurse Rosey at ryachnes@tdsd.org if your child is experiencing any of these symptoms or is not feeling well.

**While we do not require diagnostic testing, we do recommend it for respiratory illnesses, especially if fever, significant headache, or body aches are involved. Tests for Covid and Flu are readily available at pharmacies. If your child tests positive for COVID, they must stay home for five days from the start of symptoms and may return on day 6 if there has been no fever for 24 hours and symptoms have improved. **
